IT is reported at Chicago that the Lake Shore road will contest the payment of damages on the Ashtabula accident, on the ground that the bridge fell because the weather was cold, or in consequence of "an act of God." It is not the first time that human default has been attrib uted to Deity.

UNCLE GARRETT, of the Baltimore Ohio, was mildly congratulatory of his road and city, the other day, in directors' meeting, on "the withdrawal of influences emanating from a railway diplomatist now passed away-with all due respect be it spoken," and proposed to celebrate by ordering 300 new grain car. of imroved pattern and placing a loan of £1,600,000 in England at 5 per cent to extend the plant of the Chicago division

Ir will be observed that the plan for the count of the Presidential vote brings forward the day for the count before Congress from the second Wednesday of February (which it was by the act of, 1792) to the first Thursday in February which is the 1st. The object of the change was doubtless to shorten the period of suspense and to lengthen the time of the tribunal for investigation and consider ation after its appointment. The commission, as it is termed in the bill, will have a month between its establishment and the 4th of March. This commission will be chosen on the Thursday preced-

ALTHOUGH Illinois is practically on of debt, her only remaining debt being fully provided for by the revenue from the Illinois Central railroad, the municipalities of the State owe about \$40,000,-000, bearing from 7 to 10 per cent interest. They want the State to assume it but this would be unjust to the municipalities not in debt. It is proposed instead to amend the constitution by permitting the whole debt to be refunded at 5 per cent interest, guaranteed by the State, which shall levy in each community a special tax sufficient to pay the interest on the debt of that body and redeem 2 per cent of the principal, annually
